PRIME CUTS
& FRESH FISH

Nicco's Prime Cuts & Fresh Fish is Durango Casino & Resort's modern American steakhouse featuring prime meats, market-fresh seafood and a chic dining scene. Curated by innovative executive chef Frankie Gorriceta and property executive chef Daniel Ye, Nicco's menu is all about sourcing – from the finest meat purveyors, dry-aged fish markets and straight-from-the-farm produce – all executed with a true culinarian's precision.

Nicco's offers a dinner menu that brings to life the best of both land and sea including a premium steak menu featuring USDA Prime, Dry Aged (exclusively for Nicco's) and Wagyu cuts hand-selected from the world's finest ranchers and purveyors alongside traditional American steakhouse dishes and signature entrees. Guests can also select from a fresh fish market seafood display featuring a variety of premium catches flown in daily while a raw bar, caviar and crudo menu round out the seafood experience.

Nicco's offers a beautiful lounge, intimate dining room, a dramatic glass-enclosed patio, private dining and high-energy vibe for guests seeking an upscale steakhouse experience.
